NUUO South Africa Announces New Regional Sales Manager - Mohamed Hassan

August, 2015 - NUUO South Africa today announces the addition of their latest new member, Mohamed Hassan who will assume the role and responsibilities as Regional Sales Manager for the Middle East. NUUO hopes to strengthen the Middle East market with additional sales force and Hassan, with his valuable knowledge from previous IT fields and System Integrator background he will be the ideal candidate to spearhead the effort.

NUUO uses technologies to enhance surveillance cameras to high standards demanded by our intelligent surveillance solution. Combining NVR and NDVR hybrid technologies with IVS detections guaranteed NUUO a successful entry into the security industry marketplace quickly," says Hassan

"We have seen the Middle East market grow from strength to strength and found it was time to further grow the National Footprint and I have found Mr Hassan to be the best suited to take on the roll as NUUO Regional Sales Manager where he will handle Sales and Support." Says Graham Goldridge. Hassan will report to Graham Goldridge, Regional Director for MEA and UK, who in 2009 launched NUUO South Africa to service its Africa/ME customers.
